SUBROTO CHATTERJEE

First-Year B.Tech Computer Science & Engineering Student | Fintech Enthusiast
Email: subroto.chatterjee@example.com | GitHub: github.com | LinkedIn: linkedin.com

EDUCATION

B.Tech in Computer Science and Engineering
First Year (2025 - 2029) | Core Focus: C, Java, Data Structures, Discrete Math

Higher Secondary Education
Science Stream: Physics, Chemistry, Mathematics, Computer Science

TECHNICAL SKILLS

Languages: C (Pointers, Memory Allocation, Data Structures), Java (OOP, Collections)
Web Technologies: HTML5, CSS3, JavaScript (ES6+)
Fintech Concepts: Digital Payment Gateways, Basic Cryptography, Ledger Systems
Developer Tools: Git, GitHub, VS Code, GCC / Clang, Terminal

HOBBIES & CORE INTERESTS

- Coding: Algorithm optimization, low-level architecture, systems programming
- Creative Design: UI/UX design, modern visual layouts, interactive web graphics
- Law Studies: Cyber law, intellectual property, tech regulation and compliance
- Fintech: Digital transaction rails, algorithmic finance, decentralized systems
- Gaming: Strategic planning, tactical simulations, immersive game mechanics

CERTIFICATIONS & ACHIEVEMENTS

- C Programming & Algorithmic Foundations (Credential ID: SC-C-2025-01)
- Java Object-Oriented Software Engineering (Credential ID: SC-JAVA-2025-02)
- Fintech Foundations & Digital Payments (Credential ID: SC-FT-2025-03)
- Computer Science Foundations & Problem Solving (Credential ID: SC-CS-2025-04)
